

St. Bernard Academy

Teaching With Love for Over 50 Years

"We Teach With Love" is the motto that is lived every day at St. Bernard Catholic Academy. Located in Mill Basin/Bergen Beach, the academy prides itself on the love that the faculty has for each and every child entrusted to them. From three-year-olds in junior pre-kindergarten to eighth graders, students know that they are cared for and loved.

Students thrive academically, spiritually, socially and emotionally. Students receive an education rooted in the teachings of Jesus Christ and the Next Generation Learning Standards of New York. Students are prepared to think critically and work collaboratively so that they can grow and achieve their full potential. Differentiation of instruction allows students with learning or social/emotional challenges to learn beyond expectations. Students who achieve on a higher level have the opportunity to take enrichment classes in the humanities and NYS Regents courses in math and science.

Over 30 different clubs allow students to pursue their interests and socialize with students throughout the grades.

Technology is an key component of today's education. Students learn to use

technology in safe and responsible manner. All students receive technology education on a weekly basis in a state-of-the-art lab. First through fourth grades use class sets of iPads in all subject areas, and fifth to eighth graders each have their own personal digital device for use in all content areas.

STEM (science, technology, engineering, math) jobs are the careers of the future. With a fully equipped STEM Lab and program that the children participate in on a weekly basis, students are learning to think, explore, and create.

All students take art and music classes, and have school-wide shows and assemblies. A drama program (grades five to eight) is also available. Students even take their talent "on the road" to senior centers to visit and entertain. Students actively participate in community service activities, including hurricane relief efforts, raising funds for cancer care, clothing and toy drives. Students realize that helping others is part of a good character.

Whether a child is entering junior pre-kindergarten or joining another grade, come and be part of the St. Bernard Family! We are waiting to teach your child with love!

Queen of the Rosary Academy

Dynamic, Student-Centered Education

Located in East Williamsburg and proudly serving families from Bushwick, Ridgewood, Greenpoint and beyond, Queen of the Rosary Catholic Academy offers a dynamic, student-centered education and a supportive family environment to students from Pre-K3 through eighth grade. The academy provides a values-based learning experience that allows each student to flourish both academically and as a person.

Academically achieving middle schoolers can apply for the Scholars' Program to receive intensive high school preparation.

The recently renovated facilities, which include an outdoor recess area, offer state-of-the-art learning spaces and room for the academy's expected growth.

At Queen of the Rosary, technology is an important part of a well-rounded, contemporary education, and the academy community strives to provide students with just the right amount of exposure. The building features SMARTBoards in all classrooms, 1:1 Chromebooks in class for third through fifth grades, and technology

class, which includes coding.

All students participate in part-time Spanish immersion.

Creativity and self-expression are fostered through art, music and choir, and band. Various after-school programs allow students to explore diverse interests. Program offerings include Mathletics, Chess Wizard, karate, basketball and arts and crafts.

The academy believes parents are a vital part of a thriving school community. An active and welcoming Home Academy Association offers parents an exciting opportunity to be involved in their child's education through the academy's events, culture and community.

After the formation received through Queen of the Rosary, graduates are equipped to succeed, both as students and as young people, as they continue their academic endeavors in high school, college and beyond.

Future success begins with a strong foundation – in body and mind. Parent & Me Yoga classes are starting for two-year-olds. Call to register!
