8401 23rd Avenue | Brooklyn, NY 11214 | 718.372.0025 | stpeteracademy-brooklyn.org

St. Peter Academy

Providing a Foundation for Future Success

Saint Peter Catholic Academy, located in the heart of Bensonhurst, offers a challenging curriculum that is rich in moral values. The school creates a safe and encouraging environment that challenges bright minds to explore their interests and discover the best in themselves, their classmates and the world.

Saint Peter Catholic Academy offers a positive, encouraging and safe environment where children can grow in mind, body, and spirit. The academy offers a wonderful pre-kindergarten program for three-year-olds, preparing them to take the next steps forward to kindergarten through eighth grade.

The academy also houses Pre-K for All, a free Pre-K program for four-year-olds. Caring and qualified teachers provide a strong, academic foundation and a solid religious foundation and assurance of a brighter future for every child.

Saint Peter Catholic Academy is the start of a smart investment in your child's future. To help families manage tuition, the academy offers a flexible payment

program through FACTS. Tuition assistance is also available for families through Futures in Education, which provides partial scholarships. Working together, the goal is that no child is denied a Catholic education due to financial constraints.

Saint Peter Catholic Academy emphasizes academic rigor and nurturing respectful relationships. At its very foundation, the academy offers a commitment to excellence in education. The teaching style includes a differentiated instructional approach. Realizing that students perform at different levels, all will be challenged appropriately.

Academics are enriched by offering fine arts programs, such as new music, art and drama clubs, among others.

Prospective families are invited to an Open House on Sunday, Jan. 27 from 12 p.m. to 2 p.m.

Come and explore the school, meet the dedicated teachers and interact with other parents and students of Saint Peter Catholic Academy.

We look forward to meeting you!

St. Anselm Academy

Education in the Image of Our Lord

The teachers and staff at St. Anselm Catholic Academy in Bay Ridge hold true to their mission to treat every student with respect and to maximize the spiritual, academic, emotional and social growth of the students.

The spiritual growth of every student comes first. This is accomplished through daily prayer, religious education, events such as Mass, Rosary Rallies, liturgical celebrations and sacramental preparation.

Students discuss monthly values such as faith, hope, love, charity, tolerance and understanding. The academy stresses the importance of emotional and social growth by building personal responsibility in students, the importance of taking the initiative and the moral courage to deal with obstacles in life. This is done in a supportive and nurturing way.

Rigorous academics are stressed through the application of Common Core strategies in ELA and math and across content areas in religion, social studies and science. There is a comprehensive shared reading list in K-8. Students are required to read a minimum of 25 books. Students also study the traditional foundations of

ELA via phonics, spelling and vocabulary development.

We have 1:1 Technology for students from K-8 featuring iPads and Chromebooks. We utilize adaptive learning programs including Raz Kids Plus and iReady Math.

"Go Math!," coding in technology classes and the integration of STEM activities had been adopted. Science is supported by lab activities and the use of a fully functioning 24/7 Internet-based "Weather Bug."

In social studies, students are provided opportunities for project-based learning and the study of contemporary topics of interest to students. Students are involved in service projects such as the Wounded Warrior Project.

Fine arts, music enrichment, and athletic programs are also available.

In educating students, the academy wants it all! The community believes the best and most successful path is via academic rigor, challenge and growth, but most importantly, via personal responsibility, and living a life in "the image and values of our Lord!"

 FAITH, KNOWLEDGE, SERVICE
ST. ANSELM CATHOLIC ACADEMY
