Sacred Heart Academy

Taking the Lead

Sacred Heart Academy is an all-girls Catholic college preparatory school, rooted in the spirituality and tradition of the Sisters of St. Joseph.

Located in Hempstead, L.I., the all-girls environment provides unique learning opportunities that cultivate confidence and leadership skills, and encourage students to "take the lead."

A Sacred Heart education focuses on all dimensions of human growth. This is a school community committed to live, learn and work with inclusive love and to bring about unity and reconciliation with God and with one another.

Student achievement is the best indication of SHA's excellence. 95 percent of the Class of 2018 was awarded college scholarships in the areas of academics, athletics and the arts. Sacred Heart's athletic teams are consistently ranked among the best on Long Island and the school's student-artists and dancers excel in local and national competitions. A Bloomberg Finance Lab and state-of-the-art Science Research Lab prepare students for competitive opportunities. Above all, however,

SHA students are critical thinkers who actively integrate their education into their lives and routinely find ways to make a difference through their commitment to community service and social justice.

Here are a few fast facts about Sacred Heart Academy:

- On average, 98 percent of graduates attend four-year colleges.

- Each student is required to complete at least 20 hours of community service annually. However, most students far exceed this, devoting up to 200 hours of their time each term to helping their neighbors.

- Thanks to an exceptional 15:1 student-teacher ratio, combined with a faculty extraordinarily dedicated to students' success, Sacred Heart Academy students routinely surpass state peers in standardized test scores and the majority earn Advanced Designation Regents Diplomas each year.
