# St. Clare Academy

*A Safe, Compassionate Environment for Learning*

St. Clare Catholic Academy, located off the Belt and Southern State parkways in Rosedale, offers an educational environment that is child-centered and challenging. Newly accredited by AdvancED, the academy employs teachers and staff who are devoted to assisting students grow academically, spiritually and socially.

Dedicated teachers plan and execute lessons that are hands on and engaging, keeping students on task and wanting to learn more. With SMARTBoards and iPads in every classroom, a newly installed WiFi infrastructure, a state-of-the-art STEM lab, and a technology lab equipped with computers, additional iPads, Nooks and Tablets, the sky is the limit as to the academic information afforded to the students.

Classes follow a broad academic program which includes computer lab, STEM lab, a second language, music, health and physical education. Students can enhance their personal gifts while participating in several extracurricular activities that include a baking club, dance clubs, drama club, technology club, a sports program and band. Also, the academy provides after school remedial and enrichment programs

as well as additional prep classes to better prepare for the NYS exams. The academy consistently employs innovative ways to reach and teach students based on their individual needs.

St. Clare Catholic Academy not only offers scholarships for students in grades kindergarten through grade eight and a free Pre-K for All program, but it also offers affordable extended daycare, including an early morning and after school programs.

Parents feel confident that their children are in the best place to achieve academic excellence. A pleased parent states, "When investing in your child's education, St. Clare Catholic Academy is where you want your child!" The school counselor proudly states, "Our eighth grade students receive acceptance letters from their Catholic High School choices."

The academy is governed by a dedicated board, whose members are well respected in the community and who work tirelessly to ensure the success of the students and the vitality of the Academy.

St. Clare Catholic Academy is located off the Belt Parkway, near the Rosedale LIRR and the Q85 and Q5.

# St. Rose of Lima Academy

*Teaching Love of God, Neighbor and Self*

St. Rose of Lima Catholic Academy in Rockaway Beach seeks to provide a quality Catholic education for every child who walks through its doors. The academy aims to educate the whole child through programs encompassing the spiritual, intellectual, social, psychological and physical development of students.

Through its religious education program, educators strive to develop a well-rounded Christian personality that will be reflected by respect toward self and others as exemplified by Jesus in the Gospels. Worship builds and celebrates the relationship between God and the community of God's people. It is the academy's goal to enrich the spiritual lives of students.

St. Rose of Lima Catholic Academy teaches love of God, love of neighbor and love of self, and strives to encourage a respect for life and a love of learning. The children are taught to respect the rights of others, understanding that each person is created in the image and likeness of God. For this reason, students learn that they must respect one another.

Teachers strive to create an environ-

ment in which students are challenged through their learning experiences. By fostering a positive self-image in students, the school helps develop their confidence in their ability to succeed.

The academy faculty strongly believes in fostering a caring, nurturing and supportive community. The relationship between the student body and faculty is an essential aspect. In order for education to take place, it is necessary to create a secure learning environment. To this end, the academy follows the guidelines and standards put forth by the Office of Catholic Schools Support Services of the Diocese of Brooklyn, and those mandated by the State of New York.

St. Rose of Lima Catholic Academy empower its students to be directors of their own learning, with the teacher serving as the guide along each child's academic and spiritual journey. Moving forward in this technology age, the academy provides its students with a current and meaningful education with all of the services needed for all children to succeed to their highest personal potential.
