Divine Mercy Academy

Family Atmosphere and Academic Excellence

Divine Mercy Catholic Academy children are educated in a caring family atmosphere that is committed to excellence in education.

The Ozone Park school prepares children of all ethnic and religious backgrounds with Christian moral values, knowledge, skills and appreciative attitudes that will empower them in life.

Students actively participate in monthly Mass and daily prayers. Students are aware of the needs of others and provide service through participation in drives for the victims of natural disasters and charitable programs including the Juvenile Diabetes Research Foundation and St. Jude Children's Research and Hospital.

The academy offers a nursery (three-year-old) and Pre-K for All (four-year-old) program as well as kindergarten through eighth grade in a safe (CCTV) and structured environment.

The nursery program uses Sadlier's Alligator Club reading program. Eligible seventh- and eighth-grade students are offered Honors math classes to prepare them for the Algebra I Regents at the end

of eighth grade. Spanish is part of the curriculum for grades five through eight. Students from nursery through grade eight use SMART Board technology.

The school offers early drop off from 7:15 a.m., and an afterschool program until 6 p.m. Bus transportation and the free/reduced lunch program are available for eligible students. Title I math, reading and counseling services are offered for qualified students.

Programs such as student council, choir, twirling, yearbook and band are available. The student council plans activities for Halloween, Thanksgiving, Christmas and Catholic Schools Week, which are fun for both young and old, and often of service to others.

Parents have the opportunity to help the school and meet other parents at events such as car washes, carnivals, Christmas wreath sales and the annual student fashion show.

There will be an Open House, Sunday, Jan. 27, from 12:30 to 1:30 p.m. Call the academy for information or to arrange a visit. Registration begins Feb. 4.

Resurrection Ascension Academy

Educating Children for Over 75 Years

Resurrection Ascension Catholic Academy in Rego Park has been educating children for over 75 years. Its motto: "Rise...Aspire...Challenge...Achieve," exemplifies the high expectations and belief in the abilities and talents of our students. Its diverse student population represents over 50 different countries. It provides a well-rounded academic education, rooted in the Gospel message of Jesus, and a foundation for future success.

The focus is always on the growth and development of the whole child. Through the use of various teaching strategies, children are challenged to increase their knowledge, develop their imagination and to think critically. By encouraging a positive self-image, the academy helps develop confidence so that each student can succeed in both academic and personal areas.

Many Christian service projects, both within the academy and outside its walls, encourage students to think of others.

In addition to an outstanding academic education, students are given the opportunity to explore their talents in the arts.

Third graders are introduced to the violin through a 17-week program through Midori & Friends. Fourth and fifth graders explore the world of ballroom dancing through a 20-week course from Dancing Classrooms.

Each student from pre-kindergarten through grade eight attends weekly art and music classes.

Access to technology is a hallmark of the academy. Sixth, seventh and eighth graders participate in a 1:1 Chromebook program that allows students to use this technology in school and at home. Google Classroom allows students to collaborate while in their own homes. Feedback from teachers is immediate. Primary-grade students have access to iPads, and use them in a group setting. A weekly computer class rounds out the program.

The basis of all the academy does is a love of God and dedication to service. Students learn to give of their time and talent to improve the lives of others through food drives, fundraisers and in-school service.

"Let the children come to me, and do not prevent them; for the kingdom of heaven belongs to such as these."
- Matthew 19:14
