

# Holy Cross High School

*Educating the Hearts and Minds of Young Men and Women*

Holy Cross High School, a Catholic college preparatory school in Flushing educates the hearts and minds of young people following the educational and spiritual vision of Blessed Father Basil Moreau, founder of the Congregation of Holy Cross.

Holy Cross High School is dedicated to providing a challenging college preparatory education aligned with state and national criteria through various academic programs. A Holy Cross education is supported by the four pillars of faith, commu-

nity, service and wisdom. With over 50 electives and 25 advanced placement and honors courses, Holy Cross High School offers an inspiring selection of courses to spark new interests and allow students to carve a personalized career path.

Graduates have a competitive edge in regard to scholarships and programs at colleges and universities, including the University of Notre Dame, Stonehill College, King's College, Holy Cross College, St. Edward's University, and the University of Portland.

# St. Agnes Academic High School

*Forming Women of Integrity and Truth*

Statistics prove time and time again that girls enrolled in single gender schools set higher educational goals; feel in control of their own choices and achieve at higher levels in math, science and reading.

## College Partnerships

St. Agnes has partnerships with St. John's University, University at Albany, and Molloy College, allowing our students to earn numerous transferable credits. Through the St. John's University College Advantage Program, seniors can earn up to 18 college credits. With The University at Albany, St. Agnes offers a Science Research Program. This is a three year independent study course in which students conduct research on a scientific topic of their choosing. Up to 12 college credits are available upon successful completion.

The Molloy College DREAM Big Program is an exclusive high school to college bridge program that offers the opportunity to earn credits through Molloy College, as well as workshops and hands-on experiences provided by the distinguished faculty of Molloy College, Rockville Center.

## Technology/Health Sciences

A rapidly expanding STEM Program with new science courses and extracurricular activities including Girls Who Code and boosting the technology use in the classrooms with Google Apps for Education and Chromebooks.

The Maureen Martin Fritch Health Science Lab provides a world of opportunity in a variety of health fields giving St. Agnes students the edge when applying to health and nursing programs.

## Mutual Respect, Inclusivity

St. Agnes girls thrive in a culture of mutual respect and inclusivity, where diversity of thought is celebrated. They lead in every way, every day gaining a deeper understanding of their own power to change the course of history. Students are encouraged to take risks, develop their talents, and push boundaries in high school and far beyond.

For more information about the power of an all-girls school or to arrange a visit, contact Ms. Gaughan at 718-353-6276 ext. 11.
