Allegiant Home Care Provides Full-Service, Private Home Care

Are you searching for a full-service, custom care provider? Someone who can manage and advocate for all aspects of your physical and emotional health?

Excellent Quality of Life

At Allegiant Home Care, we provide a suite of services customized to give you an excellent quality of life. We'll design a private care plan to match your health needs and lifestyle, allowing you to live in your home, travel, and pursue your hobbies and passions.

We take pride in matching our clients with the right nurse, aide, companions or other caregiver for them. We're very selective about the people who work for us. Each is experienced and highly trained in home care.

As a full-service home care provider, Allegiant can help with all of your needs, even non-medical needs.

Call us with any request. If we can't satisfy it ourselves, we'll help you find

someone who can. We believe being happy is essential to good health, so we're here to help in any way we can.

"I wanted to let you know that your staff has been outstanding. I'd talked with a number of other agencies, but candidly I was very impressed with Allegiant after a couple of conversations. ... Your nurse has been great. Seems to always be available, proactive, definitely knows what she's doing. She deserves kudos big time."

— David G.

Family Home Care and Care At Home Services

Loving and Dignified Care for Community Elders

Caring for community elders with love and dignity for four decades, Family Home Care and Care At Home provide quality health care services in a way that respects the rights and dignity of clients.

Family Home Care and Care At Home understand that each client is unique, so home health care aides help and encourage each individual to live a happy, full and productive life.

Personalized Schedule

Services are provided in your home, based on your schedule and your needs. Caregivers are held to exceptionally high standards: they are home health aide (HHA) certified with background checks and continuous in-service education. They are compassionate and are available for hourly or 24-hour, live-in assignments.

A registered nurse will visit your home and evaluate your loved one's condition in order to determine an appropriate

plan of care, based on your needs and wishes. Family Home Care and Care At Home specialize in geriatric care as well as supportive care for those living with Alzheimer's disease or dementia.

Provide for Activities of Daily Living

Caregivers provide for activities of daily living, including ambulation, transfer and bathing, meal planning and preparation, range of motion exercises, laundry services, light housekeeping, and companionship.

Family Home Care and Care At Home are committed to providing the best home care possible for your loved ones. To learn more about the services available, call 718-832-0550 or 718-907-4700 or email urhoneperry@fhcsny.com.

Family Home Care and Care At Home are located at 168 Seventh St. in Brooklyn, and provide services in all five boroughs and Nassau County.

Managing life's changes can be a real challenge, so let us help you.
